

Direct Antenna “Active Now”

The 2,45GHz Active NOW Directional Antennas allow focussing the detection area to a very focussed direction. The Directional Antennas are circular polarized and available in 2 antenna versions available (45° and 25°).

The Active NOW Directional Antennas work with all standard Active NOW Controllers (Serial, WiFi, GPRS). They come with Mounting kit and 1m coaxial cable.

Applications:

- Access Control
- Logistics
- Industrial Solutions
- Museums
- Airports
- Hospitals
- Parking

Product specification:

External dimensions:	86 x 105 x 10mm (45° version) 256 x 105 x 10mm (25° version)
Material:	Ceramic housing
Humidity protection:	IP65
Colour:	White / blue
Radio Regulation:	ETS300-440Rx, TX Class8, Duty Class2
Safety:	EN 50364:2001
Frequency:	2,4GHz
Back ratio:	45db
Storage temp.:	-40°C up to +70°C
Operation temp.:	-10°C up to +60°C
Reading Range:	Up to 60m
Order number:	R-AN-1906 (45° antenna) R-AN-1907 (25° antenna)
