EA300

4" Rugged Android Computer with keypad.

The Unitech EA300 (Android 5.1) is a rugged 4" mobile enterprise computer combining wireless communication and performance to provide powerful data collection. The EA300 offers a host of data collection options to enhance the service level for a variety of vertical applications such as retail, inventory management, asset tracking, light warehousing.

Powerful data entry and collection
The EA300 is designed with "intensive data entry a data collection" in mind. This device has a 4" TFT-LCD HD touch screen and features an integrated 17-key keypad (incl. alpha/numeric, scan keys and special characters) as well as dual scanning buttons (left and right side) for convenient barcode capturing.

In addition the EA300 offers an integrated 2D imager, GPS, 5.0 MP camera, HF/NFC RFID reader/writer to complete your data collection requirements. This device offers everything you'll need.

All-in-one Functionality
Equipped with an 1.2GHz Quad-Core processor and running on the Android 5.1 operating system, making this device suitable for data-intensive applications in highly mobile environments. Mobile workers can easily accelerate their workflow as this device is equipped with a 2GB RAM, 16GB ROM and supports an additional microSD expansion (up to 32GB storage capacity).

Holding a 3800mAh removable battery the EA300 provides continuous usage time without needing to worry about running out of juice. Enjoy the fastest data speeds out there with the integrated Bluetooth 4.0, Dual-band 802.11 a/b/g/n WiFi and 4G LTE connectivity. This device is truly an excellent mobility device and offers job improvement and efficiency at a competitive price!

Rugged design
Capable to withstand multiple 1.5m drops to concrete and IP65 rated against water and dust, makes this EA300 a rugged device. Equipped with a POGO PIN (for quick and non-intrusive charging) it will prolong life span and durability.

Combining touch screen and keypad.
The 4" EA300 features a keypad, 2D imager, 4G LTE, Dual-band WiFi and comes standard with charging cradle!
